If you do not want to have to file a w9 two times for the current year, let an admin which vendor you are going to be throwing under and they will add you to the vendor's account. This will generate a player ID within a few days so you will only have to file the w9 1 time.

You could have to play in a couple no cap DRTs to through enough darts to establish a stat. Since there are no 01 games in our DRTs, your PPD is automatically generated. (10 x your MPR)

Filing your W9

1. I filled out my W9 and received a confirmation email, but it is still showing I need to file it in my player account?
 - a. If you filled everything out correctly, it could take up to 15 mins to show filed in your player account. Everyone will receive a confirmation email even if it wasn't filled out correctly. There are 3 common mistakes made which will cause the form to not be accepted through our system.
 - i. The player ID was never put in at the top of the form.

- ii. Spaces or dashes were put in for the social. All of the numbers should fit in the very first set of boxes. You should not put spaces or dashes when filling out the form.

 - a. Please check your junk and spam folder. If you used autofill, it will put a space at the end of your email which will cause the confirmation email to never be received. - 1. I signed up but backed out. What should I do, it says I am registered but I never paid?
