

NAPA LC RULES

v13.10

SECTION 1: MATCH PLAY RULES

1.1 SCORE SHEET PLACEMENT

In Lagger's Choice, the winner of the lag is always placed in the Shooter #1 position on the score sheet.

1.2 WINNER OF THE LAG

The winner of the lag must either:

1. **Pick the game format and rack the balls the opening game.**
2. **Take the break.** The opponent picks the game and racks the balls in the opening game.

If the winner of the lag chooses to pick the game format, he/she cannot get credit for a rackless match, even though he/she is in the Shooter #1 position on the score sheet.

1.3 HOW TO ACHIEVE RACKLESS MATCH

The only way to score a rackless match in Lagger's Choice is:

1. Win the lag.
2. Choose to break the rack **INSTEAD OF PICKING THE GAME FORMAT.**
3. Shut out your opponent without committing a foul on any of your breaks.

1.4 ADDITIONAL RULES

All other NAPA game format rules apply to the game chosen after the lag.
